Where do I start... 1982 our walks with the wagon and kids to Hilltop pool and the life long friendship started and ended with her being an aunt to my children and a best friend to me. I will miss our daily talks in the morning before work. I will miss your laugh, our road trips and most of all our memories. I am mad and sad! You shouldn't have left us, you were suppose to be here for Caitlin's prom to take pics later this month. Easter was here and you always wanted to know what the kids were wearing. Daniel just asked if you were coming for dinner. You were a constant in my life and I will forever be grateful to you, my friend. Till we meet again. All my love to all the family. I love you with all my heart.

Sending lots of love and hugs to the family. Growing up and knowing Kellee really makes this hit home to know that such a beautiful soul was taken. Oh believe me, she had her moments, lol. But those moments were what made her who she was! Funny, loving, caring, loud, scary, honest and much more. I know she was always there for my family and I and if we ever needed her she was there! She will be truly missed and thought of often. RIH

Nick, Tony and Terra, I am so sorry for your tremendous loss. I will miss her so much! She was my wonderful friend for nearly 40 years. We raised our kids together and my children loved spending the night at Kellee's. I will miss our long talks whether you were bragging on your kids or siblings on their hard work and achievements. Our road trips to Virginia. You were the funniest person I truly ever met. You were always there for your friends and would always help in any way you could. I will never forget the Love you showed at my Mom's funeral. We love you Kellee and you will remain in our hearts until we meet again. Phil and Bert

Such a beautiful, kind, and loving soul. In the little time I was blessed with knowing her, she became my family. My kids even adopted her as their 'granny'. Seems as if god always takes the best first. I will never forget our last shopping trip together, we rode the motorized carts in Kroger, just laughing all the way, people staring at us while you told them to mind their own ☺. I keep having the urge to call you, pretty sure you were my best friend, my counselor, and something even closer than family. I will never forget you Kell, not stop missing you. I praise god that I was blessed to know you, leaving a lasting mark forever. I know you are giving heaven a brand new light ❤️ you burned so bright. I love you Kell 😭 Rest easy up in heaven 🙏 your memory will always live on down here ❤️
