My most recent memory of Gay was a couple summer's ago when I brought mom (Jan Anthony) up to Columbus for a dear friend's 95th birthday & family visit. We picked up Gay & went to a quaint hangout in Westerville, enjoyed the music, sang, danced, laughed & had a wonderful evening with family. The smile on her face & intoxicating laughter will forever be my best memory of Gaylee. RIP Cuz 😊💔

I'm not sure what words could possibly describe such an amazing person. Your Mother embodied what it means to love, be kind, give, grow, live to the fullest, laugh, live, cherish friends and family, she was so much to so many the world is not and will not be the same without her in it. This is the first I've reached out because my family as many others are, is profoundly affected by your loss, please know my family is here, for your family if you need anything, and the bond our mothers shared is nothing minor, can never be ❤️ and our grief for your loss will never end. You're mother is was and always will be one of the most generous genuine honest thoughtful loving loyal friend my mother will ever have. Thank you for including her in this, and your lives. We love you all and hope you know you are family time and distance be damned if you need us we are here. All my love, and hugs, Tiffany Foster, mcelfresh, Thomas, Storts

No words can fully describe how my heartaches for you all. Gay was always good to me and my children and she felt like my family. I was always thankful that my kids got to live with their Grandfather and Gay. We were all blessed to know her. I'm very thankful for the good memories I had with her and I'm so thankful that I got to see her once more after my Birthday before she would be gone. I pray that you all press in to Father God during this extremely difficult time. He sees and he knows your pain.
